March 1, 2011

Dear Whiskey Island Customer,

We are very pleased and excited to announce that as of March 1, 2011 the service department of Whiskey Island Marina will be managed and operated by Riverfront Yacht Services (RYS).

For those of you who are not familiar with our facility, RYS is a full service boatyard located in the Flats on the Cuyahoga River. We have been providing a full line of services to boaters in northern Ohio for over 25 years. Among the services we provide are mechanical, rigging, fiberglass repair, electronic sales, service & installation. In addition, we are a dealer for Sabre, Back Cove and Jeanneau yachts as well as a broker for previously enjoyed boats.

All services offered by RYS will now be available to Whiskey Island customers, from commissioning and rigging to winterizing and shrink wrapping and more. Be assured that our fully trained technicians will be able to provide you with reliable service at affordable rates and in most cases, you can enjoy the convenience of never having to leave your marina.

Please find enclosed your Spring Fit-Out work order and Service Issues Acknowledgement. In order to make this transition as smooth as possible, we ask that you complete the work order and return it directly to us along with your signed Service Issues Acknowledgement in the preaddressed stamped envelope provided. While your work orders will be returned to RYS, please keep in mind that all non-service related issues you may have will still be handled by the staff of Whiskey Island Marina.

We'd like to thank you in advance for your patience during this transition and we hope that all of you will be as pleased as we are by this new relationship. Please feel free to contact our office or the Whiskey Island office with any questions or concerns you may have.

Sincerely,

Robert A. Morley
President - RYS
